RI SO ZU

理 想 図

"RISOZU"'s Corporate Philosophy

Environment/Disaster prevention/Anticrime

Our company's business themes are improving peoples' life-styles; including their dwelling environments & infrastructure, disaster prevention and crime prevention supporting people to carry on comfortable living.

We are confident to tell you that "RISOZU," our task is improving peoples' social infrastructure and creating an environment in which anybody can live without anxiety. However, it isn't only our aim to work on social contributions. Our motto is also to build safe communities with faithful relationships for people.

The sound of the word "RISOZU" has the meaning "ideal form" in Japanese. Also in English it may sound like "Re-Sews" ("re-forming"). We firmly believe in contributing to a society which is sincerely connected with each other, not just only improving the fundamental infrastructure around people.

Our company, "RISOZU" will present you clearly what we improve in our business with those "RISOZU" themes instead of just informing you about our management principles.

Our 3 business themes will build up a safety net that crisscrosses society.

Our life-style has made various progresses day by day with the rapid progression of technology and the changing needs of society. Our life standard has increased in its level of convenience; now we can have comfortable lives. On the other hand, there are augmentation of new anxieties which appeared in society recently, for example, global warming, immense natural disasters and increasing atrocious crimes, etc. "RISOZU" is making a safety net in society with our 3 business themes "dwelling environment & infrastructure, anti-disaster and crime prevention." We introduce ourselves as "ORIBE (weaver)" to "weave" a network system for society. We are providing "SHIRUBENist™" that is an evacuation sign with accumulating light and luminescence, with a cooperative sponsorship system. And we're developing other various ideas and solutions to build comfortable environments for anybody so that people can live without worries

環境 ECO DEVELOPMENT

Regarding our present environment - ECO DEVELOPMENT:

It is sure that our primary responsibility is environmental preservation and we will create our business foundation of ECO DEVELOPMENT.

You may have heard that we have used 60% of all natural resources of the earth in these 100 years. We should urgently address to improve our global environment protection and also it is surely possible that we can see large business growth in this ECO field. "RISOZU" is progressing research projects of technology for the prevention of global warming; regards energy conservation and plans to reduce the effects on the environment to public organizations and private companies. We believe it will work for creating an environment in which we can live even more comfortably in the future.

防災 DISASTER PREVENTION

DISASTER PREVENTION - We maintain our consciousness regarding preparation and strengthening of our abilities for any circumstance.

Even if we could not prevent a natural disaster happen, we are able to start spending any efforts to minimize such a disaster affect on us. "RISOZU" presents "SHIRUBENist™" that is an evacuation sign with accumulating light and luminescence, with a cooperative sponsorship system. And also we have developed new technology and a system that prevents and reduces disasters continuously. Moreover we support to build up a nationwide and local area networks that has "Disaster Resistant Ability" and we have constructed of local disaster preparedness facilities.

防犯 CRIME PREVENTION

CRIME PREVENTION - Safe living is an intangible asset for us

We must work together with local area networks, school districts, and neighborhood community associations to stop crimes and crimes' possibility. Comfortable residential areas provide environments for children to live safely and without any danger; additionally these condition can increase the property value of a whole area. "RISOZU" has started to devise a new type of crime prevention system in schools and local community areas. We support your everyday safe living.
